Spring 2012 Payment Plan Option

For the upcoming Spring semester, we will be offering a **payment plan option** for **everyone with tuitions over $500**. The payment plan will consist of five payments, each payment being 20% of the total tuition.

First payment (20%) is due at the time of registration
Second payment (20%) is due on January 5
Third payment (20%) is due on February 5
Fourth payment (20%) is due on March 5
Fifth payment (20%) is due on April 5

Since the 5-payment plan involves a lot more administrative work for our office staff, we are offering this plan **only if we have credit card information on file** and we have your authorization to charge the card according to the payment schedule. We will charge the first payment at time of registration and automatically charge your credit card for each payment in the above schedule on or within the next 5 business days after the payment date.

The cost of any additional classes you may add during the semester will automatically be split up between your remaining payments.

Please sign below to authorize the charging of your credit card for the above payments.

I _____ give permission to PTW to charge my
(Parent/Guardian)-please print

Credit Card: _____ _____ _____
Card Number Exp. Date Visa or MC

For my son/daughter _____
Student(s) Name –please print
